Vision Statement

“To provide a safe and secure environment so that Howard University can fulfill its commitment to educating its students for leadership and service to our nation and the global community.”
INTRODUCTION

Founded in 1867, Howard University is a private, research university that is comprised of 13 schools and colleges. Students pursue studies in more than 120 areas leading to undergraduate, graduate and professional degrees. The University has produced Rhodes Scholars, Truman Scholars, a Marshall Scholar, Fulbright Scholars and Pickering Fellows. Howard University also produces more African-American Ph.D. recipients than any other university in the United States. Howard University remains committed to further enhancing its strategic positioning as one of the top research universities in the nation. Message from the Chief

The Howard University Department of Public Safety is responsible for maintaining the safety and security strategies for the university community. We solicit your support and active participation in our safety and security efforts. We further challenge you as members of this community to act in a security-conscious manner and to avoid actions which may jeopardize your safety and the safety of others. Members of the Department of Public Safety fulfill their mission on a daily basis by engaging in Focused Law Enforcement, Systemic Prevention, Partnerships, and Collaboration. Our continuing safety initiatives include:

♦ A progressive highly visible patrol force covering more areas of the campus
♦ A robust mass notification system known as "ALERT–HU"
♦ The HU Guardian Service which is a free cell-phone based personal panic alarm system, which can also serve as a personal security monitoring device.
♦ An expansive Emergency Blue Light system which covers many areas of our Campus.
♦ Enhanced Technology
  - Access Control and Video Surveillance
  - Predictive Analysis
  - Problem Solving
♦ A Residence Hall Security Initiative designed to fully secure all living quarters for our residential students.
♦ A proactive Crime Prevention Program, designed to educate and inform all university personnel on the "best practices" to take to avoid becoming a victim.
♦ And a vibrant partnership with various student groups, our staff, and faculty, as well as with the D.C. Metropolitan Police Department, and our other law enforcement partners.

I hope that you find the 2014 Annual Security and Fire Safety Report to be informative and helpful. The safety and security policies have been developed to create an environment supportive of education, research, and extracurricular activities. Preventing and reducing crime effectively in our community means that we need your help, support, and cooperation. If you have any questions or would like any additional information about safety and security at Howard University, visit www.howard.edu/public safety; contact any of our officers on patrol or call 202-806-1100 for assistance.

Brian K. Jordan

The Annual Security and Fire Safety Report

The Howard University Department of Public Safety prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at http://www.howard.edu/publicsafety/. The Department works with many offices, departments and agencies, both internally and externally to gather and report the information contained herein and is responsible for preparing and ensuring that it is accessible to members throughout the University community.

The Annual Security and Fire Safety Report is published each year by October 1st for the general public. It discloses crime statistics that occurred on and around Howard University campuses, covering a three year period and the campus community is notified of the availability of the Report.

The crime statistics are compiled from reported incidents that occurred on our campuses; public areas immediately adjacent to and located within the confines of campus; and non-campus facilities not within the same reasonably contiguous geographic area of the University. The data is captured from reports taken by campus police, security officers, local law enforcement officers, and university officials who have significant responsibility for student and campus activities, identified as Campus Security Authorities CSAs).

Safety and security policies are disclosed in this report, such as the issuance of "timely warning" notices. These notices are initiated for crimes that pose an on-going threat to our students, faculty and staff occurring on or within close proximity of the University campuses.

The Annual Fire Safety Report is included in this document. Also, It outlines the fire safety policies and practices as well as discloses the number of fires that have occurred in Howard University resident halls.

Prevention and awareness information in relation to sexual assault, stalking, domestic and dating violence, as well as alcohol and drugs is also included in this report.
Howard University Department of Public Safety

The Howard University Department of Public Safety (HU-DPS) is the primary agency responsible for the safety and security of the students, faculty, staff and visitors of the University. HU-DPS is operational 24-hours, 7-days a week. The Department’s Headquarters is located on the 2nd Floor of 2244 10th Street, NW, Washington, DC 20059; the contact telephone number is 202-806-1100. HU-DPS is guided by a General Orders Manual, Special Orders, a Union Contract and University-wide policies and procedures.

The organization of HU-DPS consists of the Chief of Police/Executive Director for Safety and Security and includes three (3) bureaus: Patrol Service Bureau, Support Services Bureau, and the Howard University Hospital Bureau. Also, included with HU-DPS is the Office of Environmental Health and Safety and the Office of Emergency Management. The Department is comprised of armed Special Police Officers (SPOs), unarmed Security Officers and contract Security Officers, whose duties are to augment services provided by HU-DPS. The Special Police Officers are commissioned and licensed by the Washington, DC, Metropolitan Police Department’s, Security Officers Management Branch (SOMB) giving them the authority to enforce local and federal laws and make arrests. HU-DPS provides security services throughout Howard University campuses; at Howard University Hospital; the Cancer Center and Employee Health locations.

HU-DPS maintains a close and professional working relationship with the Metropolitan Police Department (MPD) and regional University Police Departments. These partnerships allow for open lines of communication among the agencies and collaboration in crime prevention efforts and strategies.
Campus Security Policies

It is the policy of Howard University Department of Public Safety to continuously work towards fostering a safe and secure environment on our campuses for current and prospective students, faculty, staff, and visitors. In part, the policies disclosed in this report focuses on where to report crimes and other emergencies occurring on or off campus; security of and access to campus facilities; crime prevention information; and a variety of other important policies.

Mission Statement

"The Department of Public Safety works in partnership with the University Community to enhance the safety and quality of life for students, faculty, staff and visitors through effective law enforcement and proactive crime prevention efforts."

Crime Prevention Education and Awareness

The crime prevention strategies on campus rest on the following approaches: Focused Law Enforcement, Systemic Prevention, Partnerships, and Collaboration. Through our crime prevention efforts, we continuously promote to the University community the importance of accurately and promptly reporting crimes to HU-DPS or local police. Reporting crime, suspicious activity and behavior is vital to the Department in developing focused law enforcement and prevention strategies. HU-DPS partners with our faculty, staff, and students to inform them about precautionary measures that can be taken to protect themselves, while at the same time reducing crime. The crime prevention programs in place are designed to educate the Howard University community to be proactive as it relates to their safety and security. HU-DPS crime reduction efforts include the outreach services provided by the Crime Prevention Specialist. In addition to distributing crime prevention information throughout the year, the Specialist gives presentations at campus events, meetings, and orientations for new students and employees. Anyone who is interested in learning more about the services and programs offered by HU-DPS may call (202) 806-1100 or access the HU-DPS website, www.howard.edu/publicsafety.

Reporting Crime and Other Emergencies

Students, faculty, staff, and visitors of the University are encouraged to promptly report criminal incidents and other emergencies. For police service call HU-DPS Security Operations Communications Center (HU-SOCC) on (202) 806-1100. To report a crime or incident, contact the SOCC to have an officer dispatched to your location; or speak with a Campus Security Authority (CSA), designated University officials, such as department administrators, directors and staff members who have the authority to take crime report information. For local police services, contact the Metropolitan Police Department or the Prince Georges County Police Department by calling 911 for emergencies and 311 for non-emergencies.

Emergency “Blue Light Phones”

The University has installed emergency Blue Light Phones which are strategically placed throughout our campus. These phones can be found outside of residence hall complexes, parking lots and administration buildings. They are to be used when immediate police assistance is needed. Pressing the red button on the Blue Light Phone, a user can communicate directly with the HU-SOCC. The phone location will be digitally displayed to a police dispatcher, indicating the user’s location and where to dispatch an officer to provide assistance.

Voluntary/Confidential Reporting of Crime

Victims who want to file a report of a crime, but do not want to pursue any further action within the University or criminal justice system are asked to consider filing a confidential report. A designee, of the Chief of Police/Executive Director for Safety and Security, can file a report on the details of the incident without revealing any personal identifying information about the victim. The only exception may include extenuating circumstances involving the existence of an ongoing threat that could result in physical harm to the victim or someone else. The purpose of a confidential report is to maintain the victim's confidentiality while taking steps to ensure his/her safety and the safety of others.

The privacy of all parties will be maintained to the greatest extent possible while at the same time allowing the University to promptly respond and ensure that the University community is safe and a hostile free environment. The University will honor the victim's decision to file a formal complaint and to keep the matter confidential. If the victim decides not to file a formal complaint, it will be explained that the incident will be documented to comply with University officials reporting requirements. However, the identity of the victim will remain confidential and consent will be obtained from the victim to file a formal complaint.

Pastoral and Professional Counseling

Under the Clery Act, campus "Pastoral Counselors" and "Professional Counselors" are not "Campus Security Authorities". Victims who want to report an incident anonymously or confidentially may reach out to a Pastoral or Professional counselor. They are not required to report crimes to HU-DPS for inclusion into the University's Annual Security and Fire Safety Report or for alerting the University community. However, these officials may provide aggregate information for inclusion in the reported annual crime statistics. The following defines their authority:

Pastoral Counselor – A person, who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor – A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.
Missing Student Policy

If a member of the Howard University Community has reason to believe that a student is missing, whether or not the student resides on campus, it should immediately be reported to HU-DPS at 202-806-1100 or to the local police department. An investigation will include all possible efforts being made by HU-DPS, the Office of Enrollment Management and the Office of Student Affairs to locate the student and determine her/his state of health and well-being. For investigative purposes, all students have the option to identify an individual as a confidential contact by filling out a Missing Person Confidential Contact Information Form with Residence Life. In the event, they are the subject of a reported missing student, the individual identified as their Confidential Contact will be notified as a part of the on-going missing student’s investigation. If the missing student is under the age of 18 and is not an emancipated individual, the HU-DPS will notify the student's parent or legal guardian immediately after it has been determined that the student is missing.

During an investigation, if the student resides on-campus, HU-DPS will secure authorization from the Department of Residence Life officials to make a welfare entry into the student's room. If the student is an off-campus resident, the HU-DPS officer will contact and enlist the aid of the local law enforcement agency. The investigating officer will attempt to determine the student’s whereabouts by contacting friends, associates, professors and the employer of the student to ascertain whether the student has been attending classes, labs, shown up for scheduled organizational/academic meetings, and work shifts, etc. If located, the student’s state of health, well-being and his/her intention of returning to the campus will be verified. When it is appropriate, a referral will be forwarded to the appropriate university official for further investigation.

For an on-campus resident, if a missing student is under 18 years of age and not emancipated, his/her parent or legal guardian will be notified within 24 hours of receiving a missing student report. For all other on-campus residents' notification will be made to the Confidential Contact. For students who reside off campus, the same notification protocol will apply, but the individual contacted would be encouraged to file a missing person report with the local law enforcement agency. HU-DPS will open an official investigation, and work jointly with the local police department to locate a missing student. The Howard University Department of Public Safety will cooperate, aid, and assist local law enforcement agencies with the investigations, upon request, in accordance with what is prescribed by law. At the conclusion of a missing student investigation, the HU-DPS's Investigative Section will conduct a follow-up with all parties contacted during the preliminary stage of the investigation and provide a status of the case.

NOTE: Any students who wish to identify a confidential contact can do so by contacting the Dean of Residence Life on (202) 806-6131.
Reporting Crimes

Members of the University community are encouraged to accurately and promptly report crimes. Those who are witnesses and bystanders of any criminal incident should promptly report the incident to HU-DPS or local law enforcement, especially when a victim of crime is unable to report it for him/herself. Information to be reported to HU-DPS or the local police, include but are not limited to:

1) A physical description, his/her identity and location of the suspect/s, if known.
2) What happened and has the victim sought medical attention?
3) Was there any use of force and/or threats?
4) For incidents involving domestic/dating violence or stalking incidents, pictures showing physical violence and text messages as well as statements from victims and witnesses may serve as evidence that an alleged crime occurred and may be crucial in a university and/or court hearing.
5) For incidents involving sexual assault, victims are reminded not to shower, bathe or remove anything that could be preserved for DNA samples and could be used as evidence in an investigation. Pictures and text messages as well as statements from victims and witnesses may serve as supporting proof that an alleged crime occurred and may be crucial in a university and/or court hearing.

The investigating officer will ensure that the victim, when necessary, receives medical assistance and provide or advise the victim about available on and off campus resources. That information can be found on the University Interpersonal Violence Prevention Program (IVPP) website, in the Student handbook, etc. However, when cases involve victims of certain types of assaults, it is his/her decision to file a formal complaint with law enforcement authorities. The University's Interpersonal Violence Prevention Program (IVPP) serves as the on-campus advocate. Counseling support is provided by the University Counseling Service (UCS). Among these departments students and employees can seek assistance in notifying law enforcement and referrals to local community agencies, upon request.

It should be noted that talking with a UCS counselor or IVPP advocate does not constitute filing a report or a formal complaint. However, any conversations between the victim and counselor are private and confidential and cannot be disclosed without expressed permission from the victim. In cases where a person may be a danger to themselves or someone else, or a child, counselors and advocates are required to report such incidents to authorities. Counseling should always be encouraged because talking with a counselor is a very important first step in the healing process.

“If you see something say something”
Jurisdiction and Contacting Local Law Enforcement

The Metropolitan Police Department (MPD) has enforcement authority in the District of Columbia and has concurrent jurisdiction to Howard University campuses. However for major crimes, such as homicides and sexual assaults, the local law enforcement agency would be the lead agency that conducts the criminal investigation. The existence of Memorandums of Understanding (MOU) between the Howard University Department of Public Safety and the Metropolitan Police Department are established to coordinate crime prevention and investigative efforts of both agencies.

To this end, local law enforcement agencies may lead or assist with specialized and complex campus investigations, handle off-campus incidents and will be contacted at the request of a victim. Members of the HU-DPS and Campus Security Authorities or any other university officials will assist any victim who wants to file a criminal report with the local law enforcement agency. It should be noted, when considering filing a report, the victim retains the right to file the report and to seek prosecution.

Off-Campus Incidents

In the District of Columbia, the Metropolitan Police Department handles off-campus reported incidents. For the North Campus located in Beltsville, MD, the Prince Georges County Police Department is the primary law enforcement agency. These agencies generally notify HU-DPS about incidents occurring in and around the University properties as well as incidents involving our students who reside off-campus.

The Office of Off-Campus Housing and Community Engagement (OCHCE), located at 2401 Fourth Street, NW, Lower Level, seeks to enhance off-campus living with rewarding, experiential learning and growth experiences reflective of the University’s core values of truth, excellence, leadership and service. OCHCE provides:

♦ Liaison accountability for students who reside off campus;
♦ An off-campus housing inventory for students, faculty and staff choosing to live in the Washington Metropolitan area, and informational materials, such as community living tips and safety information;
♦ Community educational support;
♦ Community/student liaison support and conflict resolution support.

Upon receiving information involving a member of the University community, HU-DPS will investigate and document in a report, the circumstances for the notification. If a member of the University is a victim of a crime, upon request HU-DPS will assist the law enforcement agency with investigative matters. For misconduct related incidents, an investigation will be conducted and findings will be forwarded to the appropriate University official for appropriate action.
Campus and Workplace Violence

For campus and workplace safety, Howard University has implemented the following policy; in the Personnel Guidelines and the Student Code of Conduct the University expressly prohibits any acts or threats of violence by any current or former University employee, or student (or any other member of the University community) against any employee or individual in or on the University’s premises. The University does not condone any acts or threats of violence against any member of the University community, including visitors. Any student, faculty or staff member who is the victim of, becomes aware of, or believes that she/he has witnessed an incident of violent or threatening behavior; should immediately report the incident/s to HU-DPS or a supervisor. If the employee believes that someone may be in imminent danger or if the incident in question results in someone being physically injured, the employee and/or their supervisor must immediately contact HU-DPS.

**Protection Orders**

The "Stay-Away" notices issued by the Dean of Student Services and Title IX Coordinator are campus sanctions. These notices are issued for certain student misconduct violations and may be imposed when situations arise that require such actions. This notice is issued to the respondent in letter form and a copy of the same is provided to the petitioner. Additionally, if a petitioner decides to obtain a Temporary or Civil Protection Order from the court, HU-DPS investigators and IVPP advocate will be available to assist. The protection orders issued by the court can require a number of demands on the respondent to obey. For example, issuing an order that mandates discontinuation of contact and maintaining a distance from the victim is a type of order that must be adhered to. In the District of Columbia, these protection orders are generally issued for incidents involving domestic violence, dating violence, sexual assault, and stalking.
Sex Offender Registry Act

In accordance with the Sex Offender Registration Act of 1999, law enforcement agencies have the authority to establish a database that provides information that identifies sex offenders who reside, work and attend schools within an agency’s jurisdiction. The Federal Campus Sex Crimes Prevention Act further provides for tracking of convicted and registered sex offenders working, volunteering and attending institutions of higher education. In the District of Columbia, the Metropolitan Police Department maintains a Sex Offender Registry. In the State of Maryland the information for accessing the Sex Offender Registry is on each County’s law enforcement agency’s website. Both agencies have automated processes for their Sex Offender Registry which is maintained on their respective websites.

NOTE: http://mpdc.dc.gov/mpdc/site/default.asp; click on the Sex Offender Registry Link. You also may visit any MPD Police District Station to look at MPD Registry Book, or visit the Sex Offender Registry Unit at 300 Indiana Avenue, NW, Washington, D.C. 20001, (202)727-4407. In the state of Maryland, the link for Sex Offenders Registry is at pscs.state.md.us/sorSearch/.

Filing Internal Complaints — Title VII and Title IX

As an alternative to filing reports with outside law enforcement agencies, there is an internal system in place for mediating and adjudicating alleged discriminatory, harassment and misconduct with gender-based overtones complaints. Complaints involving students would be handled by the Title IX coordinator, in accordance with Title IX "Policy on Prohibited Sexual Harassment and Gender-Based Discrimination in Education Programs and Activities." Complaints involving sexual violence, students have the option and are encouraged to consult with the Title IX Coordinator or an assigned Title IX designee for questions regarding the Title IX policy and filing a complaint. Sexual violence is a form of sexual harassment prohibited by Federal and local laws. Complaints involving employees are handled by the Office of Human Resources under Title VII "Policy Against Sexual Harassment in the Workplace." The University's adjudication systems are designed to afford a complainant (the person who is bringing a charge) and a respondent (the person who is answering a charge) a fair and prompt judicial resolution process. Alleged complaints are taken seriously and will be investigated by the appropriate University judicial authority to determine the violation and seek a resolution. In adjudication processes, both the complainant and the respondent are entitled to have others present for support during proceedings. Both parties will be informed of the outcome of the judicial proceedings. Sanctions imposed can range from an informal resolution to formal disciplinary actions resulting in expulsion for students or termination for employees. The full texts of the protocol for filing complaints are explained in the policy 400-005 TITLE IX (STUDENT) POLICY ON PROHIBITED SEXUAL HARASSMENT AND GENDER-BASED DISCRIMINATION IN EDUCATION PROGRAMS AND ACTIVITIES and 400-006 TITLE VII (EMPLOYEE) POLICY AGAINST SEXUAL HARASSMENT IN THE WORKPLACE both are accessible from the University website.

Changing Living, Academic and Work Situations

Any Howard University student or employee who is the victim of a crime of violence (e.g. a sexual assault, relationship violence, harassment) may request a change in her/his living arrangements and/or academic schedule. These arrangements will be kept confidential. Dean of Special Student Services will assist students with this matter, in conjunction with other University officials who will be involved with making accommodations for the changes. Employees who request a change in the work situation may initiate this through his/her supervisor in the Department. Consideration of these requests will be based on availability.
The Violence Against Women Act (VAWA)

Howard University Interpersonal Violence Prevention Program (IVPP)

The signing of the "2013 Violence Against Women Reauthorization Act" (VAWA) has broadened the Clery Act requirement to include capturing and disclosing other crime statistics classified under this Act. In addition to disclosing statistics for reported Sex Offenses, the Clery Act now requires statistics to also be disclosed for reported stalking, domestic, and dating violence criminal incidents. It is the policy of Howard University to ensure members of our community understand that committing any form of sex offense, domestic violence, dating violence, and/or stalking are strictly prohibited and is a violation of both the law and University policy. (400-011 Response to Domestic Violence, Dating Violence, Sexual Assault and Stalking Policy)

Howard University Interpersonal Violence Prevention Program (IVPP) provides advocacy services, primary prevention education and awareness, student, faculty and staff training on dating violence, domestic violence, sexual assault and stalking that enhances the safety and quality of life of current students, faculty and staff through education and training related to dating violence, domestic violence, sexual abuse and stalking and the campus community. The IVPP focuses on five critical areas needed to develop a coordinated campus response to domestic violence, dating violence, sexual abuse and stalking on the Howard University campus. The five areas are:

1) Providing advocacy and referral sources for students, faculty and staff working in partnership with on and off campus providers, including HU-DPS, to prevent, respond to and intervene as it relates to sexual assault, dating;

2) Convening a Campus Advisory Board, Community Advisory Board, and Interpersonal Violence Response Team to ensure a coordinated response;

3) Providing training for Department of Public Safety and Judicial/Disciplinary Board;

4) Providing ongoing mandatory and voluntary prevention education initiatives, particularly primary prevention and awareness programs for incoming students and new employees, bystander intervention training, and ongoing prevention and awareness programs.

All members of the Howard University community are encouraged to report incidents of dating/domestic violence, sexual abuse, and stalking. Reported incidents of sexual abuse are investigated by MPD’s Sexual Assault Unit and HU-DPS reported incidents of domestic/dating violence are generally investigated by HU-DPS unless the victim requests that it be investigated by the local law enforcement agency.

Resources and Referral Options

**Medical Assistance**
- Students can go to the Howard University Hospital for medical services.
- The Student Health Center can provide health services and referrals.
- A Sexual Assault Exam is available at Washington Hospital Center. The exam includes preventive treatment for sexually transmitted infections, pregnancy and evidence collection. The exam is conducted by a Sexual Assault Nurse Examiner (SANE) who is a Registered Nurse with advanced training and certification in conducting sexual assault exams. The Network for Victim Recovery of DC (NVRDC) provides advocates on site.
- A rape kit can only be done at Washington Hospital Center SANE Program.
- A police report is not required to receive medical assistance

**Advocacy, Support Services, Housing & Academic Accommodations**
- The Interpersonal Violence Prevention Program (IVPP) provides information, referrals and can connect students with an advocate (*confidential source*).
- The Office of Student Services assists with academic and housing accommodations, referrals, disciplinary and judicial affairs.

VAWA Terminology and Definitions

Programs for prevention of dating violence, domestic violence, sexual assault, and stalking should be comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

1. **Primary prevention programs** — Programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe direction.

2. **Awareness programs** — Community-wide or audience specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration.

3. **Ongoing prevention and awareness campaigns** — Programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking, using a range of strategies with audiences throughout the institution.

4. **Risk reduction** — Options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

5. **Bystander intervention** — Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes:
   - Recognizing situations of potential harm;
   - Understanding institutional structures and cultural conditions that facilitate violence, over coming barriers to intervening, identifying safe and effective intervention options, and taking actions to intervene.

6. **Consent – (as it relates to Sex Offenses)** — Words or overt actions indicating a freely given agreement to the sexual act or contact in question. Lack of verbal or physical resistance or submission by the victim, resulting from the use of force, threats, or coercion by the defendant, shall not constitute consent. (DC Code 22- Section 3001)

7. **Proceeding** — All activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact finding investigations, formal or informal meetings, and hearings.
Proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim.

8. **Result** — Any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution.

**Reporting Options, Protocols and Procedures**

Howard University encourages all members of the University community to report incidents of dating/domestic violence, sexual assault, and stalking. Offenses may reported to the following campus officials/offices:

- **Title IX Coordinator**    202-806-2561
- **Office of Student Services**   202-238-2420
- **Department of Public Safety**   202-806-1100
- **Office of Residence Life**   202-806-6131

Students may also make a report directly to The Metropolitan Police Department by dialing 911. The Department of Public Safety is required to report incidences of domestic violence to Metropolitan Police Department; however, sexual assault is reported to The Metropolitan Police Department at the request of the victim. The officers of Department of Public Safety have been trained to sensitively emphasize the importance of preserving physical evidence. Howard University takes these incidences seriously and when reported, will respond promptly and effectively.

The University will honor the survivor's decision to file a formal complaint or to keep the matter confidential. However, if the survivor decides not to file a formal complaint, it will be explained that the incident will be documented for reporting purposes and requirements with required University officials; however, the identity of the survivor will remain confidential. Consent will be obtained from the student to file a formal complaint.

If there are other policy violations, such as alcohol and/or drug use, our primary goal is to keep students safe. The University will primarily focus on the issue of sexual misconduct and/or sexual assault. While other potential policy violations cannot be completely overlooked, the University will address these situations by focusing on educational and counseling resources for both parties on a case by case basis.

There is no time limit on filing a complaint when you feel or believe that this policy has been violated; however, it may be difficult to substantiate allegations made in a complaint brought after significant time has passed. Therefore, prompt reporting of an incident is encouraged.

Further, cases that involve domestic and dating violence the option to receive academic and housing accommodations at the time of reporting; for sexual assault offenses IVPP will work with the student and honor his or her request to seek academic and housing accommodations, also on- and off-campus counseling services; and, in cases of stalking, we will advocate for students to receive academic and housing accommodations, no-contact orders, and counseling services.
Judicial Process

University-Wide Disciplinary Hearing Boards and Hearings and Administrative Hearings and Officers

The adjudication of alleged violations of the Student Code of Conduct is conducted by a duly appointed University-Wide Disciplinary Hearing Board, or by an Administrative Hearing Officer.

The Office of Dean for Special Student Services (ODSSS) reserves the right to assign a case to a Disciplinary Hearing Board or to an Administrative Hearing Board. Those cases involving charges which may result in possible indefinite suspension, withdrawal or expulsion will be remanded to a Disciplinary Hearing Board. See the Student Code of Conduct for details, including filing the steps, timelines and the decision making process for the hearings. However, once it has been determined that a matter will be adjudicated before an Administrative Hearing Officer or Administrative Hearing Panel, the Director of Judicial Affairs shall provide the Hearing Officer/Panel, the accused student and the complainant with a hearing notice, giving the date, time and location of the scheduled hearing. For the outcome, both the accused student and the complainant will be notified of the decision within 10 working days of the date the Director of Judicial Affairs receives the written report.

Members of a University-wide disciplinary hearing board shall be selected from a pool of students, faculty members, and administrators trained by ODSSS. The pool of board members consists of those qualified appointees submitted by University officers, deans of the schools and colleges, the Faculty Senate, ODSSS, the Howard University Student Association (HUSA), and any other undergraduate or graduate student governing body approved by the Vice President for Student Affairs. Organizations shall select potential appointees according to their internal policies and procedures. Volunteers may also be part of the pool, if they meet the qualifications for the category of their status at the University and they submit the “Offer to Volunteer for University Disciplinary Program” form to ODSSS. ODSSS shall provide at least two written requests for names to officials and organizations. In the event that appointments are not made by the deadline, by the appropriate student and faculty organizations, ODSSS shall appoint persons to the board pool from the faculty and student body, subject to the approval of the Vice President for Student Affairs. Disciplinary hearing boards have jurisdiction over all students subject to the Code of Conduct. They are responsible for reviewing and evaluating all of the relevant information, conducting hearings, rendering a decision of “Responsible” or “Not Responsible” and making recommendations for sanctions, if any, to the Dean for Special Student Services.

The complainant and the respondent will each, separately, work with the Office of Student Services throughout the adjudication of a complaint. During the time that the Office of Student Services investigation and hearing are underway, the complaint will be apprised of the status of the case by the Office of Student Services. He/She will be asked to describe what happened first by the Judicial Affairs Office, should there be a hearing.

The Committee will hear all testimony and then render a decision about the case. If the respondent student is found “Responsible”, the conduct committee will recommend disciplinary action against the respondent. All hearings are closed, expect to those persons directly involved (board members, complainant/s, the respondent/s, and witnesses), unless the board determines otherwise. Please note, in cases involving sexual abuse, sexual violence, sexual misconduct and/or sexual harassment, the Office of Dean for Special Student Services will work in coordination with the Title IX Coordinator to investigate, process and adjudicate this matter. For additional information, please go to www.howard.edu/policy/academic/codeofconduct.htm
Continuation of Judicial Process

Howard University will process allegations of violations of this policy in the same manner as it does allegations of violations of other University policies. Consequently, students are encouraged to review the University policy 600-001 Howard University Student Code of Conduct and Student Handbook (https://www.howard.edu/policy/academic/codeofconduct.htm) for instructions on how to file a complaint, information about the proceedings, standard of evidence, sanctions, decision-making process and criteria for an appeal. The University recognizes, however, the significant impact of domestic violence, dating violence, sexual assault and stalking on the lives of students. Howard University approaches all such situations with respect and concern for all involved, to review allegations without prejudgment or bias, and to provide a process that is prompt, fair, and impartial. Proceedings are conducted by judicial officers that have received training on sexual assault, domestic and dating violence, and stalking. As a result, the University will do the following:

- Take timely action to preserve the safety and well-being of all parties involved until a hearing of the allegations can be held and/or the matter is appropriately investigated;
- Make support services available to the Complainant and the Respondent during and after the hearing is concluded, and to the extent it is consistent with Howard University’s role as an educational institution;
- Preserve privacy to the extent it is reasonably possible to do so, balancing the privacy of the Complainant and the Respondent and Howard University’s commitment to prevent and correct issues of sexual assault, sexual misconduct, dating/domestic violence and stalking;
- Investigate any allegations of domestic violence, dating violence, sexual assault and stalking promptly;
- Balance the desirability of early resolution against the time needed for the Complainant and Respondent to adequately prepare for Hearings;
- Listen to and hear the Complainant’s allegations and the Respondent’s response to them. Thoughtfully consider and make a decision based on fact-based information that is credible and relevant;
- Recognize that the Complainant and Respondent can be accompanied to any related meeting or proceeding by an advisor of their choice and have the same opportunity to do so;
- Issue sanctions which are commensurate with the policy violation when a Respondent is found responsible;
- Prohibit retaliation against a Complainant who has reported a violation of this policy or testified in a Hearing, and provide an appropriate mechanism to report such retaliation if it occurs with additional sanctions applied to the Respondent;
- Inform the Complainant and Respondent of the final results within one business day once an outcome is reached and provide information regarding the criteria for an appeal process;
- Provide those who report victimization (students and employees) with information in writing about their rights to notify law enforcement and to be assisted by campus authorities in doing so, and available resources both on and off campus;
- Provide notification to those who report victimization (students and employees) of options for and assistance in changing academic, living, transportation, and working situations if requested and reasonably available;
- Honor any lawful no contact or restraining order.
Disciplinary Sanctions

Howard University takes allegations of domestic violence, dating violence, sexual assault and stalking violations very seriously and will sanction those found responsible for these violations accordingly. Any student who is found to have violated the domestic violence, dating violence, sexual assault or stalking policy will be subject to disciplinary action up to and including suspension and/or expulsion.

One or more of the following sanctions may be imposed for any violation of the Code of Conduct. The failure to satisfy a sanction, as directed, can lead to the imposition of more severe sanctions, up to and including suspension or expulsion. Students who have not completely fulfilled their sanctions may be allowed to participate in General Mandatory Registration for the subsequent semester if all other financial and academic conditions have been met. However, their registration will be canceled if they fail to comply with all the stipulations of the sanctions within the time limit set. Below is a non-exhaustive list of disciplinary sanctions that may be imposed for violations of the Code of Conduct:

**Disciplinary Warning or Reprimand.** — A disciplinary warning or reprimand is an official written statement of censure. It is used when a student’s behavior is unacceptable but is considered to be minor and/or unintended. It includes a warning that any other violation of the University Code for which the student is found guilty will result in more severe disciplinary action. The written statement shall be delivered to the student.

**Letter of Apology to the Aggrieved Party** — A student may be required to write a letter of apology to the aggrieved party. A draft copy of the letter must be provided to ODSSS for prior approval.

**Requirement to Seek Counseling** — This sanction may be imposed when a student is found guilty of engaging in disrupting or uncivil behaviors. In such case, the student shall be required to provide evidence to ODSSS of attendance and completion of counseling by a qualified professional.

**Participation In, or Conducting, Special Workshops, Classes or Seminars** — A student may be required to participate in, or to develop, advertise and present special workshops or seminars related to a Code violation. In such a case, the student may be required to present a typed summary of the activity to the ODSSS.

**Research Assignments** — A student may be required to complete a research assignment on a topic related to the Code violation within a specified deadline.

**Mandatory University or Community Service** — A student may be required to perform work assignments at the University or in the local community.

**Restitution** — Restitution is reimbursement to compensate for personal injury, property damage, or misappropriation of University or other personal property. It may be in the form of money or services, subject to the discretion of the Hearing Officer or Disciplinary Hearing Board.
Continuation of Disciplinary Sanctions

**Disciplinary Probation**—Disciplinary probation may be imposed for a specified period of time. A student who is under disciplinary probation will not be permitted to participate in intramural, intercollegiate or club sports, or student clubs and organizations. Such a student may not represent the University in any public function, competition, or performance, hold office in a student organization, or be eligible to join a fraternity or sorority. Students receiving scholarships for any activities enumerated above may have that scholarship suspended or terminated. Decisions regarding scholarships will be made by the Vice President for Student Affairs in consultation with the Dean for Special Student Services and other appropriate University officials.

**Limited Term Suspension**—Suspension is appropriate in cases of serious misconduct or in cases when a student has violated a condition of disciplinary probation, or has failed to meet the stipulations of lesser sanctions. A student may be suspended from the University for the remainder of the semester, or summer session, in which the sanction is applied, or any portion thereof, for the next semester, or for any other additional periods determined appropriate by the University. Suspensions are recorded on the student’s permanent record (official transcript). Students suspended from the University are required to return their student identification cards, room keys and other University property and shall be barred from the campus for the duration of their suspension. Exceptions may be granted to this prohibition by ODSSS, if it first determines that the barred student must enter University property for the purpose of conducting official business. If a student returns to the campus without permission during the period of suspension, his or her eligibility to be re-admitted to Howard University is jeopardized and such persons may also be charged with unlawful entry and, thereby, made subject to arrest.

**Indefinite Suspension**—Indefinite Suspension provides for all conditions described in Limited Term Suspensions, but does not give a specific date for the consideration of readmission of the suspended student. This sanction is used in cases of extremely serious misconduct when evidence of rehabilitation must be presented by the student and accepted by the Vice President for Student Affairs before the student is readmitted to the University.

**Expulsion**—Expulsion is the most severe sanction that the University may impose. Expulsion is permanent dismissal from the University. In addition, the student is not eligible for readmission to the University and permanently barred from Howard University owned or operated property and from all University-sponsored events. Students expelled from the University are required to return any student identification cards, room keys, and other University property and must leave campus immediately upon notification of being expelled. If an expelled student returns to the campus, he or she will be charged with unlawful entry and may be arrested. An expelled student’s relationship with the University is severed permanently.

Bystander Intervention

During bystander education, the focus is on understanding safe and positive options regarding how to respond to incidents involving interpersonal violence, that may be carried out by an individual with the goal of preventing harm or intervening when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes: Recognizing situations of potential harm; understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options and taking actions to intervene.

Bystanders...can be the Difference... Because of how you think, act and respond to dating violence, domestic violence, sexual assault, and stalking incidents.

If the incident is happening NOW, here are positive options:
- Always ensure your personal safety FIRST
- Try your best to be calm – do not panic
- Make a distraction – for example, drop your books or make a noise
- Call the Department of Public Safety 806-1100 or 911
- Yell for help.

If the incident has already occurred, here are positive options:
- Believe your friend
- Encourage your friend to seek help
- Share information about resources on campus
- If your friend comes to us, we can take it from there
- Allow your friend to make his/her own decisions.

Do Not..........................
- Do not put yourself in an unsafe situation to respond
- Do not put yourself in an unsafe situation when thinking about responding
- Do not feel that you have to have all the answers
- Do not try to “fix” the “problem”
- Do not blame the victim.

RIGHTS OF CRIME VICTIMS - A crime victim has the following rights:

The right to be reasonably protected from the accused.

The right to reasonable, accurate, and timely notice of any public court proceeding, or any parole proceeding, involving the crime of or any release or escape of the accused.

The right not to be excluded from any such public court proceeding, unless the court, after receiving clear and convincing evidence, determines that testimony by the victim would be materially altered if the victim heard other testimony at that proceeding.

The right to be reasonably heard at any public proceeding in the District Court involving release, plea, sentencing, or any parole proceeding.

The reasonable right to confer with the attorney for the Government in the case.

The right to full and timely restitution as provided in law.

The right to proceedings free from unreasonable delay.

The right to be treated with fairness and with respect for the victim's dignity and privacy.

Firearms and Other Prohibited Weapons Policy

The University is concerned about the increased violence in our society and with the rising number of incidents occurring on university campuses, and in the workplace involving the use of firearms and other prohibited weapons. Therefore, the possession of firearms and any other prohibited weapons that violate federal and local laws are prohibited on University property. The only exception is trained commissioned personnel who are authorized and possess a license to carry such weapons. Howard University strictly prohibits possessing, using, storing, or transporting firearms; or other weapons, such as explosives, fireworks, ammunition or dangerous chemicals on any University owned or leased properties. There is an exception for dangerous chemicals that are authorized and used in classes, or in connection with University sponsored research. Violation of federal, local laws or University policies for firearms or weapons offenses will be prosecuted to the maximum extent allowable under the law for each violation. This includes offenses such as possession, or use of a deadly weapon or firearm; carrying, opened or concealed; furnishing a deadly weapon or firearm to another including minors; and all attempts to commit any of these listed offenses.

Preparation of the Annual Security and Fire Safety Report

Collecting and Compiling Crime Statistics

The HU-DPS is responsible for providing policy statements that reflect our security policies, procedures, and practices. Additionally, we collect and compile crime, arrest and referral statistics and disclose this information to the Howard University community. Crime, arrest, and referrals data are retrieved from reports generated from the University community of incidents that occur on public property adjacent to the University, and property owned or controlled by the University. As defined by the Clery Act, properties are described as: on-campus which includes residential dormitories; non-campus buildings; properties not located within the same reasonably contiguous geographic areas of the campus; officially recognized student organization’s property and public property within the campus and/or immediately adjacent and accessible to the University property. The statistical data contained in this report is compiled by HU-DPS with contributions from the University Campus Security Authorities (CSA) and local law enforcement agencies with concurrent jurisdiction to the University.

The crime data is examined to ensure that reported crimes are classified in accordance with the crime definitions outlined in the FBI Uniform Crime Reporting Handbook, Hate Crime Data Collection Guidelines, and the National Incident –Based Reporting System. Reported incidents received from Campus Security Authorities (CSAs) are submitted to the Clery Compliance and Accreditation Officer or to the Chief of Investigations for classification. The Crime Analysis Section collects and compile the statistics. Crime statistics are also requests crime statistics from local law enforcement agencies with jurisdiction contiguous to property owned and/or controlled by Howard University. The Clery Act Compliance and Accreditation Officer coordinate and prepare the report; also, ensure that an announcement is made that the Annual Security and Fire Safety Report has been uploaded to the HU-DPS website and is available to all students and employees.

Listed below are the geographic locations identified by Howard for collecting crime statistics for this report:

Howard University Main Campus and Howard University Hospital — located within the Metropolitan Police Department’s Third District, Patrol Service Area (PSA 306).
Howard University West Campus — Law School Campus is located within the Metropolitan Police Department’s Second District, Patrol Service Area (PSA 203).

Howard University East Campus — Divinity School Campus located in the Metropolitan Police Department’s Fifth District, Patrol Service Area (PSA 504).

Howard University North Campus — located in Beltsville, MD, Prince Georges County Police Department, Beltsville District.

Meridian Hill Residence Hall — located within the Metropolitan Police Department’s Third District, Patrol Service Area (PSA 301).

Note: For Crime Statistical Data within the vicinity which may not be specifically related to Howard University, visit MPD website and click on Crime Statistics. Each year, an e-mail notification is made to all students, faculty and staff that provides the web site to access this report.

Daily Crime Log

The purpose of the daily crime log is to record criminal incidents and alleged criminal incidents that are reported to the HU-DPS. The Daily Crime Log is maintained at the Department of Public Safety Headquarters. The information documented in the crime log includes: the case number, type of crime, the location, date and time the incident occurred and was reported; and the disposition of the case, if known. Any changes made to the crime log that includes entry updates or change in disposition will be posted in the crime log within two business days of receiving the information. However, the HU-DPS reserves the right to exclude from the crime log any identifiable information about victims of sexual assaults and any information that could have an adverse impact on an investigation.

**Arson** — Whoever shall maliciously burn or attempt to burn any dwelling, or house, barn, or stable adjoining thereto, or any store, barn, or outhouse, or any shop, office, stable, store, warehouse, or any other building, or any steamboat, vessel, canal boat, or other watercraft, or any railroad car, the property, in whole or in part, of another person, or any church, meetinghouse, schoolhouse, or any of the public buildings in the District, belonging to the United States or to the District of Columbia. (Title 22, Section 301)

**Unauthorized Use of Motor Vehicles** — For the purposes of this section, the term motor vehicle means any automobile, self-propelled mobile home, motorcycle, truck, truck-tractor, truck tractor with semi-trailer or trailer, or bus.

A person commits the offense of unauthorized use of a motor vehicle under this subsection if, without the consent of the owner, that person takes, uses, operates, or removes or causes to be taken, used, operated, or removed, a motor vehicle from a garage, other building, or from any place or locality on a public or private highway, park, parkway, street, lot, field enclosure, or space, and operates or drives or causes the motor vehicle to be operated or driven for his or her own profit, use, or purpose the theft or attempted theft of a motor vehicle; classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned — including joyriding. (Title 22, Section 3215)

**Unfounded Crimes.** — An institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situations where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” Only sworn or commissioned law enforcement personnel may “unfound” a crime report for purposes of reporting under this section. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not “unfound” a crime report.

**CRIME DEFINITIONS FOR DISCLOSURE OF BIAS-RELATED CRIME-DEFINITION (HATE CRIMES)**

The source of the below crime definitions is the Federal Bureau of Investigation's Uniform Crime Reporting Program’s Hate Crime Data Collection Guidelines of the Uniform Crime Reporting Handbook. The charges for theft (except motor vehicle theft), simple assault, intimidation, and destruction/damage/vandalism of property are more specifically defined in the local laws.

**Bias-Related Crime** — A designated act that demonstrates an accused’s prejudice based on the actual or perceived race, color, religion, national origin, ethnicity, sex, age, marital status, personal appearance, sexual orientation, gender identity or expression, family responsibility, homelessness, physical handicap, matriculation, or political affiliation of a victim of the subject designated act. (Title 22, Section 3701)

**Designated Act** — A criminal act, including arson, assault, burglary, injury to property - [destruction of property], kidnapping, manslaughter, murder, 1st degree sexual abuse, robbery, theft, or unlawful entry, and attempting, aiding, abetting, advising, inciting, conniving, or conspiring to commit arson, assault, burglary, injury to property, kidnapping, manslaughter, murder, 1st degree sexual abuse, robbery, theft, or unlawful entry. (Title 22, Section 3701)
**Theft** — Taking or exercising control over property; (2) making an unauthorized use, disposition, or transfer of an interest in or possession of property; or (3) obtaining property by trick, false pretense, false token, tampering, or deception. The term wrongfully obtains or uses include conduct previously known as larceny, larceny by trick, larceny after trust, embezzlement, and false pretense.

a. A person commits the offense of theft if that person wrongfully obtains or uses the property of another with intent:

- To deprive the other of a right to the property or a benefit of the property; or
- To appropriate the property to his or her own use or to the use of a third person.

(Title 22, Section 3211)

**Simple Assault** — An attempt or effort, with force or violence, to do injury to the person of another, coupled with the apparent present ability to carry out such attempt or effort. (An assault may be committed without actually touching, striking, or committing bodily harm on another. “However, the mere use of threatening words alone does not constitute an assault.”)

a. The essential elements of the offense of assault, each of which the government must prove beyond a reasonable doubt, are:

- The defendant made an attempt or effort, with force or violence, to do injury to the person of another.
- At the time he made such an attempt or effort, he had the apparent present ability to affect such an injury.
- At the time of the commission of the assault he intended to do the acts which constituted the assault. (Title 22, Section 404)

**Threats to do Bodily Harm** — A person threatens when he or she utters words which are intended to convey their desire to inflict physical or other harm on any person and these words are communicated to someone. This does not require that threats be communicated directly to the threatened individual. It is the general intent to do the act which constitutes the threat.

One person threatening a group as a whole would only count as one threat, but if he or she individually threatens each member of that group, they could be charged with as many counts as there were threats made. “If...then...” threats are covered under this law. Only one party to the threat, either the speaker or listener, needs to be in the District of Columbia for the offense to be committed. (Title 22, Section 407)

**Destruction/Damage/Vandalism of Property** — Whoever maliciously injures or breaks or destroys, or attempts to injure or break or destroy, by fire or otherwise, any public or private property, whether real or personal, not his or her own. (Title 22, Section 303)
Violence Against Women Act Crimes

The source of the below crime definitions is the Federal Bureau of Investigation's Uniform Crime Reporting Program's National Incident-Based Reporting System Edition of the Uniform Crime Reporting Handbook. The charges for rape, statutory rape, fondling and incest are more specifically defined in the local laws.

**SEX OFFENSES.** — Sex offenses that involve sexual penetration and consent or involve no sexual penetration and no consent. Depending on the nature of the crime and the extent of injury, agencies could classify this offense as an assault.

**Rape** — The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

**Fondling** — The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person’s will; or, not forcibly or against the person’s will, where the victim is incapable of giving consent because of his or her youth or because of his or her temporary or permanent mental or physical incapacity.

**Incest** — Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

**Statutory Rape** — Sexual intercourse with a person who is under the statutory age of consent.

**1st Degree Sexual Abuse** — Whoever engages in or causes another person to engage in or submit to a sexual act:

- By using force;
- By threatening or placing that other person in reasonable fear that any person will be subjected to death, bodily injury, or kidnapping;
- After rendering that other person unconscious; or
- After administering to that other person by force or threat of force, or without the knowledge or permission of that other person, a drug, intoxicant, or other similar substance that substantially impairs the ability of that other person to appraise or control his or her conduct. (Title 22, Section 3002 of the DC Code)

**2nd Degree Sexual Abuse** — Whoever engages in or causes another person to engage in or submit to a sexual act:

- By threatening or placing that other person in reasonable fear (other than by threatening or placing that other person in reasonable fear that any person will be subjected to death, bodily injury, or kidnapping); or
- Where that actor knows or has reason to know that the other person is:
  - Incapable of appraising the nature of the conduct;
  - Incapable of declining participation in that sexual act; or
  - Incapable of communicating unwillingness to engage in that sexual act.
  (Title 22, Section 3003 of the DC Code)
3rd Degree Sexual Abuse — Whoever engages in or causes sexual contact with or by another person:

a. By using force;
b. By threatening or placing that other person in reasonable fear that any person will be subjected to death, bodily injury, or kidnapping;
c. After rendering that other person unconscious; or
d. After administering to that other person by force or threat of force, or without the knowledge or permission of that other person, a drug, intoxicant, or other similar substance that substantially impairs the ability of that other person to appraise or control his or her conduct. (Title 22, Section 3004 of the DC Code)

4th Degree Sexual Abuse — Whoever engages in or causes sexual contact with or by another person:

a. By threatening or placing that other person in reasonable fear (other than by threatening or placing that other person in reasonable fear that any person will be subjected to death, bodily injury, or kidnapping); or
b. Where that actor knows or has reason to know that the other person is:
   ➢ Incapable of appraising the nature of the conduct;
   ➢ Incapable of declining participation in that sexual act; or
   ➢ Incapable of communicating unwillingness to engage in that sexual act. (Title 22, Section 3005 of the DC Code)

Misdemeanor Sexual Abuse — Whoever engages in a sexual act or sexual contact with another person and who should have knowledge or reason to know that the act was committed without that other person’s permission. (Title 22, Section 3006 of the DC Code)

Domestic Violence and Dating Violence Offenses — domestic violence is divided into three categories: 1) intimate partner violence, 2) intra-family violence, and 3) interpersonal violence, which are explained in detail below. "Domestic violence" is when one of the following people commits or threatens to commit any crime against you:

Dating Violence (Interpersonal Violence) — a criminal offense that is committed or threatened to be committed by the offender upon a person:

a. With whom the offender shares or has shared a mutual residence; or
b. Who is or was married to, in a domestic partnership with, divorced or separated from, or in a romantic, dating, or sexual relationship with another person who is or was married to, in a domestic partnership with, divorced or separated from, or in a romantic, dating, or sexual relationship with the offender.

NOTE: Dating relationship may be determined based on a consideration of the following factors:

a. The length of the relationship;
b. The type of relationship;
c. The frequency of interaction between the persons involved in the relationship. (Title 16, Section 1001)
It is a pattern of abusive behavior an individual uses to gain or maintain power and control over another intimate partner. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound someone. The offense committed by an offender that results in physical injury, including physical pain or illness; or threatens to commit an offense that causes or was intended to cause reasonable fear of imminent serious physical injury or death.

**Domestic Violence (Intimate partner violence)** — a criminal offense that is committed or threatens to be committed by an offender upon a person:

a. To whom the offender is or was married;
b. With whom the offender is or was in a domestic partnership; or
c. With whom the offender is or was in a romantic, dating, or sexual relationship.

It is a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behavior that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound someone. The offense committed by an offender that results in physical injury, including physical pain or illness; or threatens to commit an offense that causes or was intended to cause reasonable fear of imminent serious physical injury or death.

- Someone you are or were married to, in a domestic partnership with, or in a romantic, dating, or sexual relationship with (“intimate partner violence”);
- Someone related to you by blood, adoption, legal custody, marriage, or domestic partnership (i.e., your brother or your father-in-law) (“intra-family violence”);
- Someone you have a child in common with -- this can be (“intra-family violence”) and/or (“intimate partner violence”);
- Someone who shares or shared a home with you (i.e., a roommate) (“interpersonal violence”);
- Someone who is/ was in an intimate relationship with the same person that you are/ were in an intimate relationship with (e.g., you are dating Jane and Jane’s ex-husband assaults you) (“interpersonal violence”).

(Title 16, Section 1001 of the DC Code)

**Stalking** — For the purpose of this report, the term: “Any device” means electronic, mechanical, digital or any other equipment. This includes: a camera, spy cam, computer, spy ware, microphone, audio or video recorder, global positioning system, electronic monitoring system, listening device, night-vision goggles, binoculars, telescope, or spyglass. “Any means” includes the use of a telephone, mail, delivery service, e-mail, website, or other method of communication or any device.

It is an unlawful act when a person purposefully engages in a course of conduct directed at a specific individual:

a. With the intent to cause that individual to:
   - Fear for his or her safety or the safety of others;
   - Feel seriously alarmed, disturbed, or frightened; or
   - Suffer emotional distress;
b. And knows it would cause that individual reasonably to:
   - Fear for his or her safety or the safety of another person;
   - Feel seriously alarmed, disturbed, or frightened;
   - Suffer emotional distress; or

c. Should have known would cause a reasonable person in the individual’s circumstances to:
   - Fear for his or her safety or the safety of another person;
   - Feel seriously alarmed, disturbed, or frightened; or
   - Suffer emotional distress.

When a single act is of a continuing nature, each 24-hour period constitutes a separate offense and the conduct on each of the occasions need not be the same. For the purpose of this definition:

   a. Course of Conduct - means continuing acts, including but not limited to, in which the stalker directly, indirectly, or through a third parties, by any action, method use of a device or means; follows, monitors, observes, surveillance, threatens or communicates to or about a person or interferes with a person’s property.

   b. Substantial Emotional Distress – means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. (Title 22, Section 3133)

NOTE: This section does not apply to constitutionally protected activity.

Howard University Alcohol and Drug Policy

The "Drug-Free Work Place Act" and the "Drug-Free Schools and Communities Act Amendments of 1989" require colleges and universities to certify that they have adopted and implemented programs to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees. In accordance with local and federal laws, Howard University prohibits the unlawful manufacture, distribution, possession, sale or use of any controlled substances or illicit drugs on its property or during any event that is sponsored by any students, faculty and/or staff members whether the event occurs on campus property or off-site. The only exception to this policy is that alcohol will be permitted on the premises for events that receive advanced written authorization and approval for the provision and consumption of such beverages. However, in the event alcohol distribution is permitted at an event or social function, no person under the age of 21 may consume, purchase, and/or attempt to consume, purchase, or otherwise possess any alcohol at any time. Anyone found in violation will be subject to disciplinary measures in accordance with University's code of conduct. Additionally, those who are 21 years of age or older will be required to produce identification verifying that they are of age. Finally, those who are 21 years of age or older are reminded to limit and monitor their alcohol intake and consume in moderation so that they may act responsibly at all times.

It is the policy of Howard University to use a multi-disciplinary approach to preventing the use of illicit drugs and the abuse of alcohol by students, faculty, staff and other members of the University Community. To that end, the University has established an Alcohol and Drug Prevention Services Network. The Alcohol and Drug Prevention Services Network is comprised of the Office of the Dean of Student Services, University Counseling Service, the Student Health Center, the Office of Human Resources and the Howard University Department of Public Safety. These University offices and departments are responsible for handling matters involving drugs and alcohol, and have adopted policies and procedures designed to educate members of the University community and address problems of alcohol and drug abuse that students, faculty, staff and other members of the University community may be experiencing.

The use and possession of unlawful drugs and the unlawful use and abuse of alcohol are of serious concern and jeopardizes the health, safety, and livelihood of the University. Through the combined efforts of the Alcohol and Drug Prevention Services Network, students, faculty, staff and other members of the University Community will annually receive information (1) outlining the risks associated with alcohol and/or illicit drug use; (2) articulating the sanctions imposed for violations; and (3) provide guidance, assistance and support for those suffering from or at risk of having a substance abuse problem.

Annually, the Alcohol and Drug Prevention Services Network will ensure the distribution of the Howard University Alcohol and Drug Prevention Notice and Resources Supplement to each student, faculty and staff member. Biennially, an internal review of the Alcohol and Drug Prevention Services Network will be conducted to evaluate the effectiveness of the services provided by the network and implement changes that will enhance the services if necessary. Related policies are the 400-013 Alcohol and Drug Prevention Policy and Policy Statement Concerning the Use of; the Possession for Sale, Transfer, Or Exchange of; and the Manufacture, Transfer, Sale Or Exchange of; Controlled Substances.

Referring Others

Every year many students, faculty and staff contact the University Counseling Service expressing concern for themselves or someone they know who is struggling with substance abuse. Suggested guides to approach someone whom you feel needs help:

- Every year many students, faculty and staff call or come to the University Counseling Service expressing concern for a student, whether that person is a friend, relative or roommate.
- We recommend that you approach the student you are concerned about in a gentle, caring and non-judgmental manner and specifically state why you are concerned.
- Then suggest that he/she seek out a professional assessment at the Counseling Service.
- Most often, the student will feel relieved that there is help available and will agree to make an appointment.
- If you want to offer extra support, you can have the student call UCS from your office or room, and/or you may offer to accompany the student to the UCS to her/his first appointment.
- If the person you are concerned about refuses to get help immediately (and it is not an emergency situation), try to be friendly and remain open to the possibility that he/she may want your help in the future.
- Some students may feel ambivalent about seeking help from any source, including the University Counseling Service.
- A direct response to such ambivalence can sometimes be helpful: "If their problem can not be resolved at the University Counseling Service, they can be directed to the appropriate place."
- If you decide to be more explicit about your concern, feel free to contact the University Counseling Service (202 806-6870) to discuss different options of how to handle the crisis. A clinician will help you to assess the situation and assist your friend:
  - Proposing possible interventions,
  - Find the best way to make a referral, if necessary
  - Explore resources on and off campus,
  - Clarification of what is going on and how you can be more effective.
DISTRICT OF COLUMBIA CRIMES AND PENALTIES—ALCOHOL AND DRUGS

Alcohol—Possession and Consumption Persons under 21

Crime 1: No person under 21 years of age may consume, purchase, and attempt to purchase, or otherwise possess alcohol.

Crime 2: No person may falsely represent his or her age or possess or present fraudulent identification for the purpose of procuring alcohol. Penalties: Considered a misdemeanor and fined not more than $300; failure to pay the fine will result in a jail term of not more than 30 days. These penalties are in addition to the penalties for Crimes 1 and 2 listed below.

Penalties for Crimes 1 and 2: First violation, driving privileges suspended for 90 days; Second violation, driving privileges suspended for 180 days; Third violation and each subsequent violation, driving privileges suspended for one year.

Crime 3: No person may purchase alcohol for the purpose of delivering it to another person who is under 21 years of age.

Crime 4: No person who is not an Alcoholic Beverage Regulation Administration license holder may make available alcohol to any person under 21 years of age, except when necessary for the person under 21 years of age to perform lawful employment responsibilities (e.g., waiters and waitresses).

Penalties for Crimes 3 and 4: $1,000 fine and a maximum jail term of 180 days.

Drugs —Possession and Consumption

Initiative 71—Legalization of Possession of Minimal Amounts of Marijuana for Personal Use Initiative became in effective on February 26, 2015 in the District of Columbia.

As a result, it is legal for a person who is at least 21 years old to:
♦ Possess two ounces or less of marijuana;
♦ Transfer one ounce or less of marijuana to another person who is at least 21 years old, so long as there is no payment made or any other type of exchange of goods or services;
♦ Cultivate within their residence up to six marijuana plants, no more than three of which are mature;
♦ Possess marijuana-related drug paraphernalia – such as bongs, cigarette rolling papers, and cigar wrappers that is associated with one ounce or less of marijuana; or
♦ Use marijuana on private property.

NOTE: Marijuana possession by persons under 21 years of age is not allowed. Initiative 71 did not change existing law on marijuana possession for anyone under 21 years of age. It is still illegal.

A person can still be arrested for:
♦ Selling any amount of marijuana to another person;
♦ Possessing more than two ounces of marijuana;
♦ Operating a vehicle or boat under the influence of marijuana; or
♦ Smoking, eating, or drinking marijuana – or holding or carrying a lighted roll of paper or other lighted smoking equipment filled with marijuana – in any public space, such as:
  o On any street, sidewalk, alley, park, or parking area;
  o In a vehicle on any street, alley, park, or parking area; or
  o Any place to which the public is invited.
Driving Under the Influence of Alcohol or Drugs

**Crime 5:** No individual shall, when the individual’s blood contains .08 percent or more, by weight, of alcohol (or when .38 micrograms or more of alcohol are contained in 1 milliliter of his or her breath, consisting of substantially alveolar air), or defendant’s urine contains .10 percent or more, by weight, of alcohol; or under the influence of intoxicating liquor or any drug or any combination thereof; operate or be in physical control of a vehicle in the District. No individual under 21 years of age shall, when the individual’s blood, breath, or urine contains any measurable amount of alcohol, operate or be in physical control of any vehicle in the District.

**Penalties for Crime 5:** First violation (unless the individual has been convicted for a violation of Crime 6 below), a maximum fine of $300 and a maximum jail term of 90 days; Second violation, or for the first offense following a previous conviction for Crime 6 below, within a 15-year period, a minimum fine of $2,000 but not more than $15,000 and/or maximum jail term of one year.

**Crime 6:** No individual shall, while the individual’s ability to operate a vehicle is impaired by the consumption of intoxicating liquor, operate or be in physical control of any vehicle in the District. This includes the operation of a non-motorized bicycle.

DISTRICT OF COLUMBIA CRIMES AND PENALTIES—DRUGS

It is unlawful for any person to knowingly or intentionally manufacture, distribute, or possess, with intent to manufacture or distribute, controlled substances or drug paraphernalia. A conviction under local laws may result in imprisonment, a fine, or both. The length of prison term and the amount of the fine depend upon the particular type of controlled substance(s) involved. Subsequent convictions and violations involving distribution to minors carry increased penalties, up to twice the usual sanctions.

To learn more about the law, please visit www.mpdc.dc.gov/marijuana or to find out about substance use disorder prevention and treatment services, please call the DC Department of Behavioral Health Access Helpline at 1-888-793-4357 or visit dbh.dc.gov

MARYLAND CRIMES AND PENALTIES—ALCOHOL Persons under 21—Possession and Consumption

It is illegal in the State of Maryland to purchase, possess, or drink alcohol if you are under the age of 21. It is illegal for a person under 21 to falsify or misrepresent his or her age to obtain alcohol, or to possess alcoholic beverages with the intent to consume. It is illegal to purchase or otherwise supply alcohol to persons who are under age 21. Penalties for the above violations are a $500 fine for the first offense, and up to a $1,000 fine for repeat offenses.

Driving Under the Influence of Alcohol or Drugs

In the State of Maryland, a person may not drive or attempt to drive any vehicle while intoxicated or under the influence of alcohol. A blood alcohol level (BAL) of .07 may result in a charge of Driving While Impaired (DWI); a level of .08 may result in a “Driving Under the Influence” (DUI) charge. Drinking and driving charges are not restricted to these BAL limits.

An underage drinker with a BAL of .02 (approximately one drink) may be charged with a violation of restricted license, which will result in a suspension of the driver’s license. Such an individual can still be charged with a violation despite possession of an out-of-state driver’s license.
MARYLAND CRIMES AND PENALTIES—DRUGS

In addition to federal laws, violations of state of Maryland laws regarding the distribution, manufacturing, and possession of controlled substances may result in penalties of up to $25,000 and imprisonment for up to 20 years for a first offense. “Controlled substance” and “illegal drugs” are set forth in Schedules I through V in Sections 5-402 through 5-406 of the Criminal Law Article, Annotated Code of Maryland.

FEDERAL DRUG CRIMES AND PENALTIES

Enforcement by federal law enforcement agencies in relation to the changes in the District of Columbia marijuana law. Federal law continues to prohibit the possession or use of any amount of marijuana. As a result, federal law enforcement officers may arrest anyone in the District of Columbia for possession or use of any amount of marijuana as a violation of federal law. For example, the U.S. Park Police can arrest a person for possessing or using any marijuana on the National Mall, Rock Creek Park, or any other National Park Service land.

FEDERAL DRUG, POSSESSION, TRAFFICKING AND PENALTIES

Federal law of controlled substances prohibits possession, use, distribution, manufacture, or dispensing. The ultimate punishment for drug crimes generally depends on the quantity, classification, and purpose of possession of the drug. The most serious drug crimes are producing, manufacturing, or selling illegal drugs. Federal penalties and sentencing provisions vary for the possession and trafficking drugs. For more detail information about drugs, trafficking, penalties and sentencing guidelines, go to www.dea.gov/ under the “Drug Info” section.

Emergency Management Plan

An Emergency Management Plan has been established to ensure that Howard University is prepared for emergencies that pose an immediate threat to the Howard University campuses. The Emergency Management Plan serves as a guide for University personnel and students in response to emergency situations, such as major disasters and disturbances that occur on or in close proximity of the campus properties. Personnel have been designated and trained to understand the policies and procedures of the Plan as it relate to them carrying out specific responsibilities. The Emergency Management Plan was created to meet the Occupational Safety and Health Administration Standard 29 CFR 1910.38: Emergency Action Plan. Emergency Management Plan on HU-DPS website - www.howard.edu/publicsafety/ and the Policy 200-001 Howard University Emergency Management Plan.

In the event of a confirmed emergency, Howard University will operate under an Incident Command System (ICS) and activate the Emergency Management Plan. The Plan is designed to effectively coordinate the use of both university and community resources to protect lives and safeguard University properties during and immediately following a major crisis or disturbance on or near the University campuses. The Emergency Management Plan is activated whenever an emergency overwhelms the University and the situation cannot be managed using daily operating resources. The University ensures that all new faculty and staff are informed of the Emergency Management Plan when they attend a new hire introduction meeting. Emergency evacuation maps that show exit routes are strategically posted throughout the facilities owned or under the control of the University.

To be prepared for emergencies, the Department of Public Safety conducts training and drills that involves members of the University community and organizations such as MPD, DC Fire Department and D.C. Homeland Security & Emergency Management Agency (DCHSEMA). Under the framework of National Incident Management System (NIMS), techniques have been developed, and mechanisms have been established to support University operations during an emergency situation. The University has updated the Mass Notification System which allows authorized Howard University officials to send emergency information and instructions simultaneously to students, faculty and staff via landline phones, cell phones, text messaging, and e-mail within moments of an occurrence of a critical incident.
“Timely Warnings” Notices

In an effort to alert the University community to certain crimes in a timely manner and aid in the preventing of similar crimes, a “Timely Warning” is sent throughout the University community via an e-mail notification by HU-DPS. “Timely Warnings” are also the initial method for sending mass notification of a confirmed significant emergency or dangerous situations involving an immediate threat to the health or safety of students or employees occurring on or in close proximity to the campus. In both situations, the warnings are intended to give recipients enough information so that they can take the necessary precautionary measures to protect themselves.

“Timely Warnings” may be issued by a designated HU-DPS official for the offenses below and are considered by the University to present a serious and continuing threat to students and employees, or when a crime pattern exist within geographic locations defined in the Clery Act:

- Murder and Non-Negligent Manslaughter
- Aggravated Assault
- Negligent Manslaughter
- Burglary
- Sex Offenses
- Motor Vehicle Theft
- Robbery
- Arson

Additionally, the HU-DPS may, in some circumstances, issue “Timely Warnings” when there is a pattern of crimes against persons or property.

Emergency Exercises and Evacuation Drills

Howard University shall conduct and participate in exercises and/or evacuation drills on an annual basis to assess and evaluate emergency procedures and capabilities. Departments throughout the University and the Department of Public Safety participate in table-top exercises and emergency preparedness training. These exercises may involve members of the District of Columbia’s Office of Homeland Security and Emergency Management, the D.C. Fire and local police departments. The Howard University Department of Public Safety documents each test and evacuation drill, including the date, time, and whether the exercise was announced or unannounced. [www.pfm.howard.edu/emergency/EVACUATION_PROCEDURES.pdf](http://www.pfm.howard.edu/emergency/EVACUATION_PROCEDURES.pdf) and [www.pfm.howard.edu/environmental/classroom_evac.htm](http://www.pfm.howard.edu/environmental/classroom_evac.htm).

Mass Notification System

The “Alert HU System” is the University’s mass notification system used to alert students, faculty, and staff in the event of an emergency or incident that adversely impacts the University community. Alert-HU is designed to send emergency alerts messages to students, faculty, and staff that could be directly affected by a critical incident which poses an imminent threat to their health and/or safety.

The “Alert HU System” is capable of immediately broadcasting messages via e-mail, text, and voice-mail to the University community. Once a significant emergency or dangerous situation has been confirmed and pertinent information has been gathered for distribution, Howard University will without delay send a notification via the “Alert-HU system.
Designated University officials will confirm, determine the content of the notification and initiate the notification system. Only exception for delaying a notification will be in cases where it would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. As necessary, after the initial notification, follow-up information will be disseminated to the community as soon as possible.

**Emergency Alerts** — The Message Templates (“standard messages”) are created and reviewed by the Office of University Communications.

The following offices have been designated as University authorities that are vested with the authority to decide the existence of an emergency, create and make the decision what segment of the campus community should receive the notification and approve emergency messages for dissemination. Examples of such emergency incidents include, but are not limited to severe weather, hazardous material spills, and acts of criminal violence that have the potential to threaten the safety of members of the University community.

1. Office of the President or his designee
2. Office of the Chief of Police
3. Office of University Communications

Once approved, the emergency messages will be forwarded to a system administrator for release, then to the subscriber of the messaging service for mass distribution.

**Post Emergency Communication**

The University will issue an “all clear” message to convey the University’s return to normal operations to all faculty, staff and students via University-assigned email accounts, the HU website homepage, and text message via the internal subscriber’s service.

**Access to Campus Facilities**

The general community has access to the grounds of Howard University. With an open campus environment, HU-DPS must impose certain restraints to ensure reasonable protection of all members and those affiliated with the University community. Most campus facilities are open during normal business hours. However, security posts and an automated card access control system are in place and restricts public access to residence halls, several academic and administrative buildings. Individuals who need access to University buildings or properties that are inaccessible during regular or non-business hours should make pre-arranged plans, contact the appropriate department administrator or the Howard University Department of Public Safety for access. University members with questions about the restricted access regulations should contact their department supervisor, building coordinator or the HU-DPS Security Operations Communications Center (SOCC).

**Security Maintenance of Campus**

The Department of Public Safety and representatives from the Physical Facilities Management (PFM) continuously conduct surveys and checks of the University properties for deficiencies. For example, checking areas throughout the campuses where exterior and interior lights may needed for better illumination; the doors with automatic locking mechanisms to ensure each is operating properly and maintaining the landscape. If deficiencies are found, University community members are instructed to submit a service request to the Physical Facilities Management for repairs. To report building or ground deficiencies to Physical Facilities Management (PFM) Operations Center at (202) 806-1000 or fill out an online work request at www.pfm.howard.edu.
The Higher Education Opportunity Act, enacted on August 14, 2008, requires institutions with on-campus housing facilities for students to publish an Annual Fire Safety Report that outlines the fire safety policies, practices, standards of the institution and discloses statistics for fire related incidents. The information in this portion of the Annual Security Report satisfies the requirements of the Clery Act. The Campus Fire Safety Policy includes a description of on-campus student housing fire safety systems; the number of regular mandatory supervised fire drills and the policies on portable electrical appliances, smoking and items that produce open flames.

At Howard University, all residence halls are equipped with safety equipment that detects, warns as well as controls smoke and fire. The installation of a combination of fire doors, fire extinguishers, fire alarms, smoke detectors and an integrated fire sprinkler system in the facilities and dorm rooms are precautionary measures that have been taken to control smoke and fire. The residence halls are monitored on a system which is in operation 24 hours/day, seven days a week. Residents are also informed about policies regarding fire safety to include contacting HU-DPS or 911 for fire emergencies and that tampering with any emergency fire apparatus is a crime and punishable by law and are grounds for immediate eviction from residence halls and/or could result in dismissal from Howard University. The Howard University Office of Environmental Health and Safety annually review the fire systems in all residence halls and make upgrades, repairs or revisions when problems are identified, or as necessary. (See Student Handbook - https://www.howard.edu/students/hbook/H-Book.pdf and Resident Hall Handbook - www.howard.edu/residencelife/handbook.htm)

### Definitions

**Fire** - Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

**Fire Drill** - A supervised practice of a mandatory evacuation of a building for a fire.

**Fire Related Injury** - Any instance in which a person is injured as a result of a fire. This may include injuries sustained from a fire in which the cause is natural or accidental and injuries were sustained while trying to control a fire, make rescue attempts, or escaping from a fire. The term person includes students, faculty, staff, visitors, firefighters, or any other individuals.

**Fire Related Death** - Any instance in which a person is killed as a result of a fire, including death resulting from a natural or an accidental cause while involved in trying to control a fire, rescue attempts, or escaping from a dangerous fire, or deaths that occur within 1 year of sustaining an injury resulting from a fire.
**Fire Safety System** - Any mechanism or system designed to detect, warn, or control a fire, such as sprinkler or other fire extinguishing systems, fire detection devices, standalone smoke alarms, devices that alert one to the presence of a fire, such as horns, bells, or strobe lights, smoke-control and reduction mechanisms, and fire doors and walls that reduce the spread of a fire.

**Value of Property Damage** - The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity; including, contents damaged by fire, related damages caused by smoke, water, and overhaul. However, it does not include indirect loss, such as business interruption.

### Mandatory Residence Hall Fire Drills

Fire drills are held routinely in the Residence Halls. Howard University must comply with the fire and safety code of the District of Columbia, two (2) per year. Therefore, participation in all fire drills in Residence Halls is MANDATORY and all students are expected to participate in fire drills; so that in the event of a real emergency, they will respond accordingly. Students failing to participate will be dismissed from the Residence Hall and possibly fined per the ordinance or regulation of the District of Columbia.

### Fire Safety Education and Inspections

The Residence Life policy on fire safety prohibits usage of electrical cooking appliances, candles, and specific electrical equipment in individual rooms. Candles or any item that produce an open flame is prohibited in residence hall dormitory rooms. There are limits on the number of electrical appliances allowed in each dormitory and each room. During the academic semester, Residence Life staff personnel schedule meetings with residents and conduct fire/life inspections. Rooms and public areas are examined for prohibited electronic appliances and the type of item that can cause an open flame. Students are notified of all upcoming inspections and are urged to participate. During the inspection, if a violation is found, the student(s) will receive a letter indicating the violation and will be expected to meet immediate compliance. If the violation(s) have not been corrected after an unannounced re-inspection, the occupant(s) will be subject to disciplinary action. Some common violations are as follows:

- Extension cords and multi-tap electric units without a breaker
- Items stored closer than 18 inches from a sprinkler head
- Blocking of electrical panels
- Blocking of egress (exit) pathways
- Evidence of burning of candles, incense, or tobacco products
- Evidence of cooking; or cooking appliances, even if unused
- Evidence of a heavy load of combustibles in a room, on the walls, or ceiling
- Covering a door with paper or other combustible material
- Use of electrical wiring, devices, and appliances which are modified or damaged
- Use of portable heaters
- Smoke detectors that have been tampered with
- Use of halogen lamp/lighting
- Unsafe lifting or propping of beds
- Strings of lights, twinkle lights, holiday lights
- Any other situation deemed unsafe by the staff inspector

Smoking Policy
Howard University prohibits smoking in any of the residence halls and a minimum of fifty feet from the entrance of residence halls.

Reporting Fires and Other Emergencies
Each dormitory, classroom and administrative building has an approved fire Emergency evacuation plan specifically designed for that facility. All building evacuations will occur when an alarm sounds and/or upon notification by a fire and emergency attendant/warden/campus police or dc fire department. When reporting a fire contact the Howard University Department of Public Safety at 202-806-1100 or by dialing 911. (See Student Handbook)

Fire Log
The Fire Log is maintained at the Howard University Department of Public Safety. It discloses reported fires over a 60-day period and is open for public inspection during normal business hours. Any request made for information beyond the 60-day period will be made available within two business days of the request. All fires that occurred in an on-campus student housing facility are recorded in the fire log. The report includes the nature, date, time and general location of each fire. The Fire Log entry and any updates shall be made within two business days of the receipt of the information. The data taken from these reports are disclosed in statistical charts below.
