Safeguard Your Belongings

Don’t Tempt Thieves!

The best way to prevent crime is to safeguard your belongings. Never leave any electronic devices (cell phones, IPods, laptops, and tablets), briefcases or suitcases or any property in plain view and unsecured. Take these items with you, or secure them in a safe location.

ALL THE TIME...EVERY TIME

In the event of a crime, call 911 and contact the Howard University Dept. of Public Safety
